

AL-NASR MARBLE

Al Nasr Marble for the Gate Project, South Korea

The **Gate project** known as "**Cheonilmun**" is located in **Cheongpyung, Gyunggido, Korea** around 50 minutes from Seoul. The purpose of building this structure is to spread the message of **Liberty, Peace, Unification** and **Happiness**. The structure is 20.2 meters high and 22.9 meters wide. Flying swans are depicted on the structure which is the symbol of the **Unification Church Group**, the client of this project. Currently, it is in the construction phase and it is expected to be completed in the first quarter of 2020. Once completed, it will be a state of art architectural beauty and a world – class monument, comprising of very intricate architectural details that provide individual meaning to each and every design, symbol and text. It is located amidst lush green mountains providing the passers-by with a serene panoramic view of the surroundings. This structure will be a one of its kind future landmark. The project is been constructed by one of the leading construction company, **Sunwon Construction Co. (a part of Unification Church Group)**. Sunwon Construction Co., Ltd. is based in South Korea, with the head office in Cheonan. It operates in the Heavy and Civil Engineering Construction industry. The company was established on May 29, 2000. They have constructed mega projects in Korea and around the world. **Al Nasr** has collaborated with **ILSHINSTONE**, a leader in Natural Stone and leading group of companies in Korea. The collaboration dates back to 12 years. The most recent project being the **Skybay Hotel Project** in **Gyeongpo, South Korea**. These

projects have seen **ILSHINSTONE** as a trusted representative of **Al Nasr for Omani Marble**.

Al Nasr participated in the first **Tuwaiq International Sculpture Symposium** that started in early 2019 in **Riyadh, Kingdom of Saudi Arabia**. It featured the works of 23 artists from 18 different countries. The goal of the symposium was to create an environment in which artists could share techniques, collaborate with one another, and promote a sense of camaraderie. The sculptors assisted each other in creating their artworks despite the language barriers between them. **Al Nasr** is proud to have been a part of this event.

Al Nasr Marble is proud to have had the honour of supplying Marble in the details of approximately **25,000 m² of N.W.P** comprising of various sizes of cubes and cut-to-size as per the project requirement. These cubes were then sculpted accordingly to the design specifications by the leading sculpture firm **Yongam Stone**. **Al Nasr** material "**N.W.P**" is used for many big projects in **South East Asia**.

Al Nasr has grown into a top manufacturing professionally managed company, the factory of **250,000 Sqm** with Third Generation machinery producing Omani Marble Slabs & Tiles with number of quarries functioning. **Al Nasr** installed 25 Gang Saw lines for the production of Marble Slabs reaching its daily production capacity to **10,000 m² & 65 Nos** of Block cutters reaching its daily Tiles production capacity of **15,000 m²**. These machineries are all imported from Italy.

Al Nasr is really enthusiastic to have been a part of this prestigious project, thus having the opportunity to place its elegant and refined materials in this sought contest and in turn being a passive contributor in promoting Peace and Liberty, oriented towards the spirit of moving forward. **Al Nasr** is very proud to be involved in such noteworthy projects such as **Gate Project, Seoul, Louvre Museum, Abu Dhabi** and the **Tuwaiq Sculpture Symposium, Riyadh** that promote equality, inter-country workmanship and portray the wonders of the ancient civilizations to the modern society thereby preserving the beauty for the future generations to see.
